Conflict of Interest

A conflict of interest exists when there is a conflict between the private interests and the official responsibilities of a person in a position of trust. A clash between professional obligations and personal interests arises if the individual tries to perform a professional obligation while at the same time trying to achieve personal gain.

1. Announce potential conflicts of interest before SGT action is taken.
2. Comply with the conflicts of interest policy of the board, all applicable laws.

“I acknowledge that I have carefully read and considered this document.”
